- Ample secure, lighted parking (\$1 daily / \$6 overnight / \$36 max per week)

- Weekday service only
- Hull terminal is located at Pemberton Point, across from the high school
- Free parking

Courtesy Bus Service Between Logan Boat Dock and all Terminals

Passengers flying into Logan should follow the airport ground transportation signs and board the **Route #66 Water Transport bus** at the appropriate curb at each terminal. Passengers should ask the bus driver to radio ahead to notify the vessel operators that they are en route to the dock. Once at the Logan Boat Dock, passengers should proceed to the top of the gangway and get instructions from vessel captains before boarding.

Passengers flying from Logan should proceed up the gangway upon arrival at the Logan Boat Dock and board the **Route #66 Water Transport bus** under the pavilion canopy. An audio recording on the bus will provide information on airline locations in the various airport terminals.

For additional information regarding getting to and from Logan, please call 1.800.23.LOGAN (TTY: 1.800.262.2335).

Water Taxis: Board-and-Go Service

Three water taxi businesses operate at the Logan Boat Dock, with more than a dozen vessels between them. Water taxis function like land taxis; passengers traveling to or from Logan can board a water taxi waiting at the dock or call ahead with a reservation location and time. At the Logan Boat Dock, passengers should approach the next taxi waiting in the queue for boarding instructions from the captain. If no water taxi is present, they can be hailed using one of the call boxes at the top of the gangway or by telephone (a public telephone is located in the pavilion). In addition to the Logan Boat Dock, water taxis serve public and private landings throughout Boston Harbor (see the map for list of primary landings). Call to arrange a pick-up or see your hotel concierge. Tickets are sold onboard all vessels.
